

ServiceNow Account Login

Kindly follow these steps to create an account in 'ServiceNow' web app.

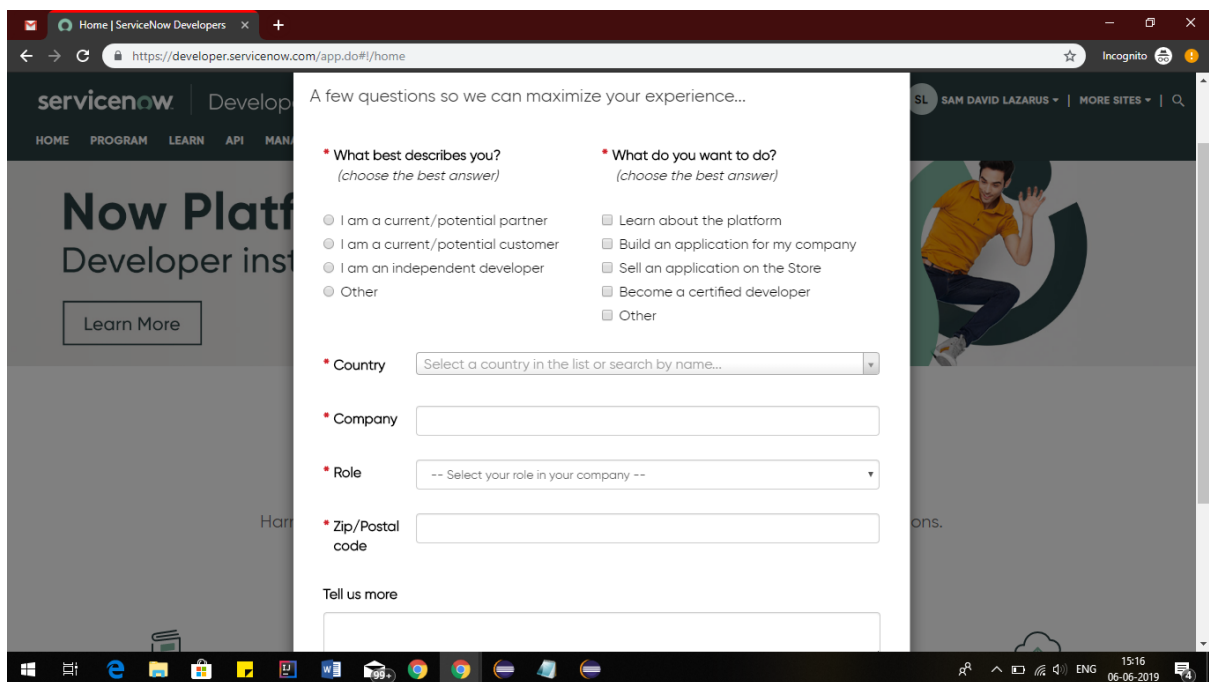

- ✓ Go to this link <https://developer.servicenow.com>
- ✓ Click the Sign-Up button to set up an account – it will redirect to another page (refer the image) in the next tab.

A screenshot of a web browser showing the ServiceNow registration page. The browser's address bar displays a URL starting with 'https://signon.servicenow.com/ssoregister.do?email=&redirectUri=&relayState=%2Fapp%2Ftemplate_saml_2_0%2Fk317zfESM...'. The page has a light gray left sidebar with the 'servicenow' logo and the text 'Welcome to ServiceNow Registration' and 'Sign up for a ServiceNow ID'. The main content area on the right has a yellow background with an illustration of a person sitting and using a laptop, with a dog and a potted plant nearby. The registration form includes input fields for 'First Name', 'Last Name', 'Email', 'Password', and 'Confirm Password', followed by a CAPTCHA challenge that says 'Enter the text from image below' with the image '7W58C'. Below the form is a checkbox for terms and conditions and a green 'Sign Up' button. The footer contains links for 'Privacy Statement' and 'Cookie Policy', social media icons, and a copyright notice '© 2019 ServiceNow. All rights reserved.'.

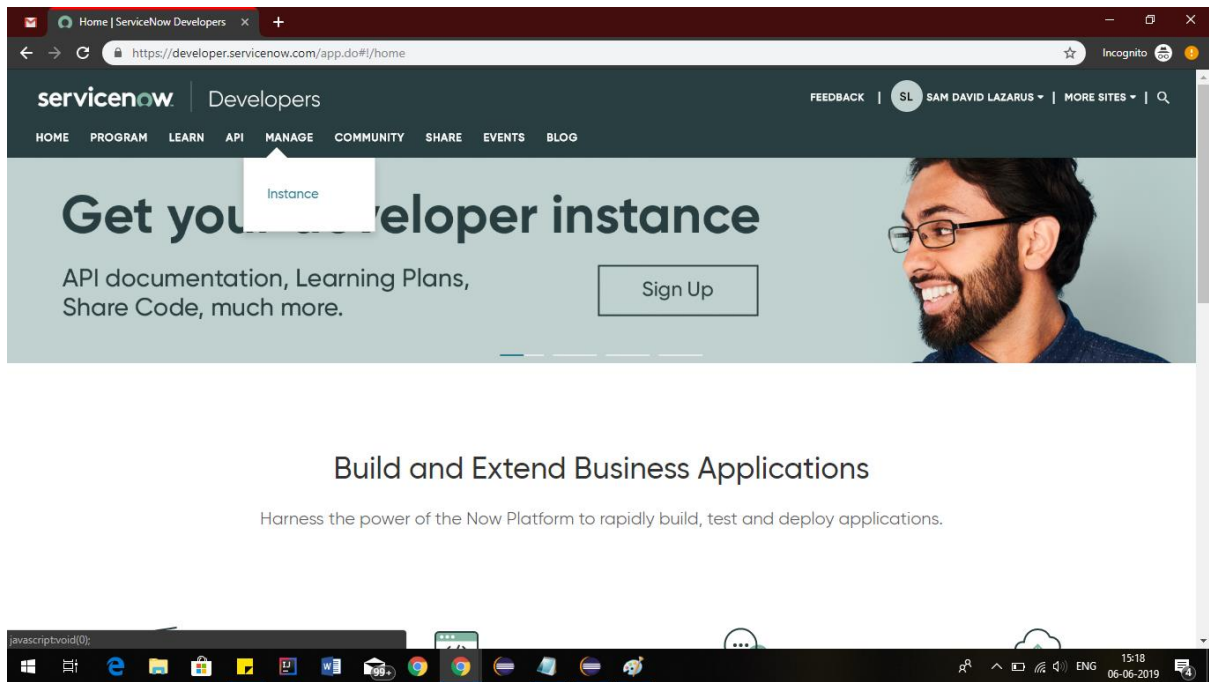

- ✓ Fill up the fields with relevant data and click the 'Sign Up' button by checking the checkbox – Once you're done with the Sign Up an email will be sent to you. Now check your email and click the 'Verify Email' button.
- ✓ Now check your email that has been sent you and click the 'Verify Email' button.
- ✓ Login to the site with the authentication that you've given.
- ✓ Accept the service agreement license by agreeing to it – check the accept checkbox and click Submit, which will redirect to a new page (same tab).

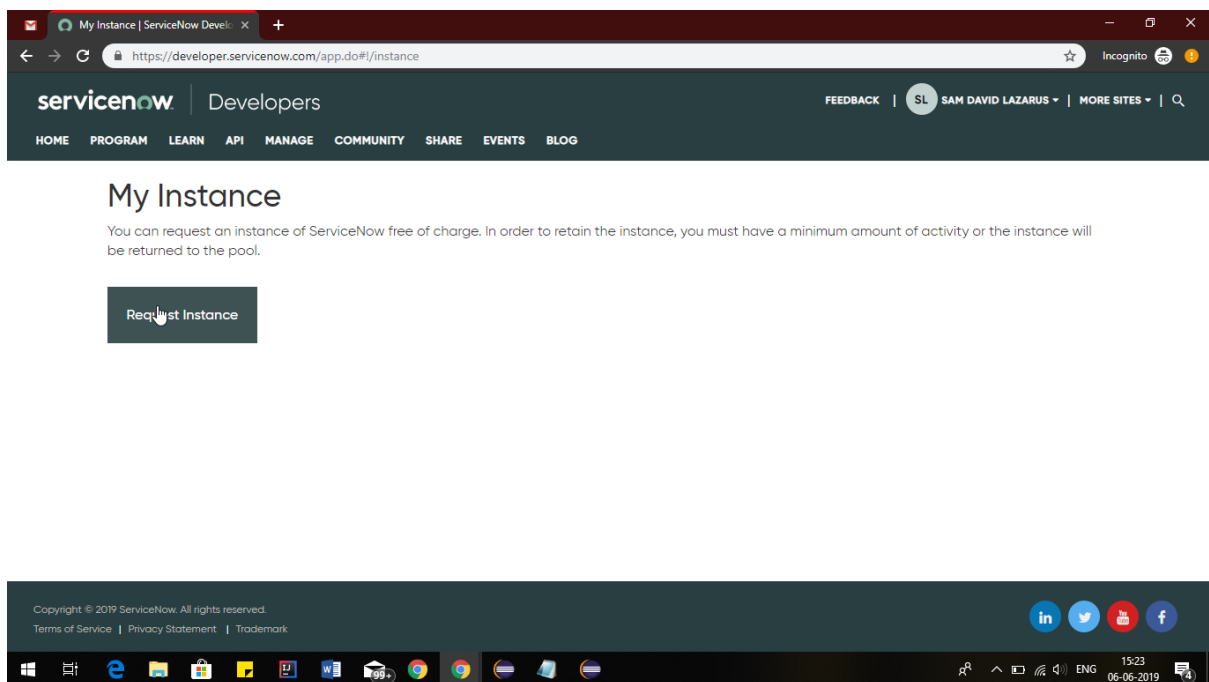

- ✓ Here you'd be asked to fill a questionnaire (Feel free to provide your data)

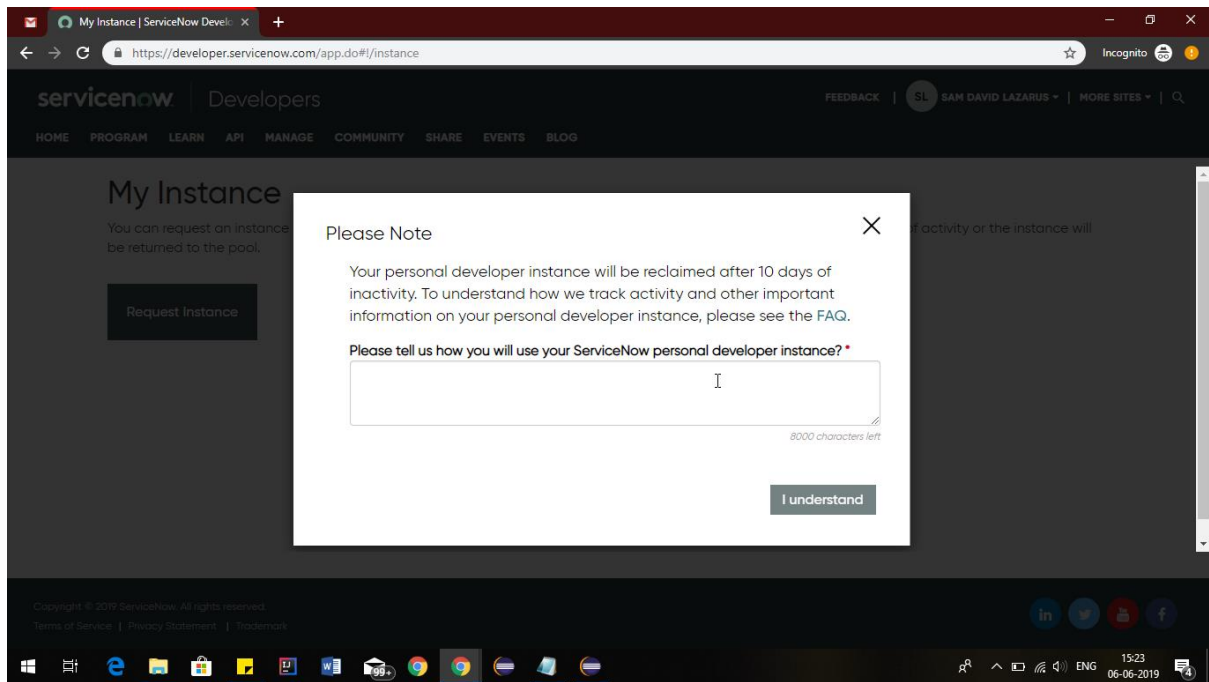

- ✓ Now hover on the 'MANAGE' option in the navigation bar, click on the dropdown option 'Instance'.

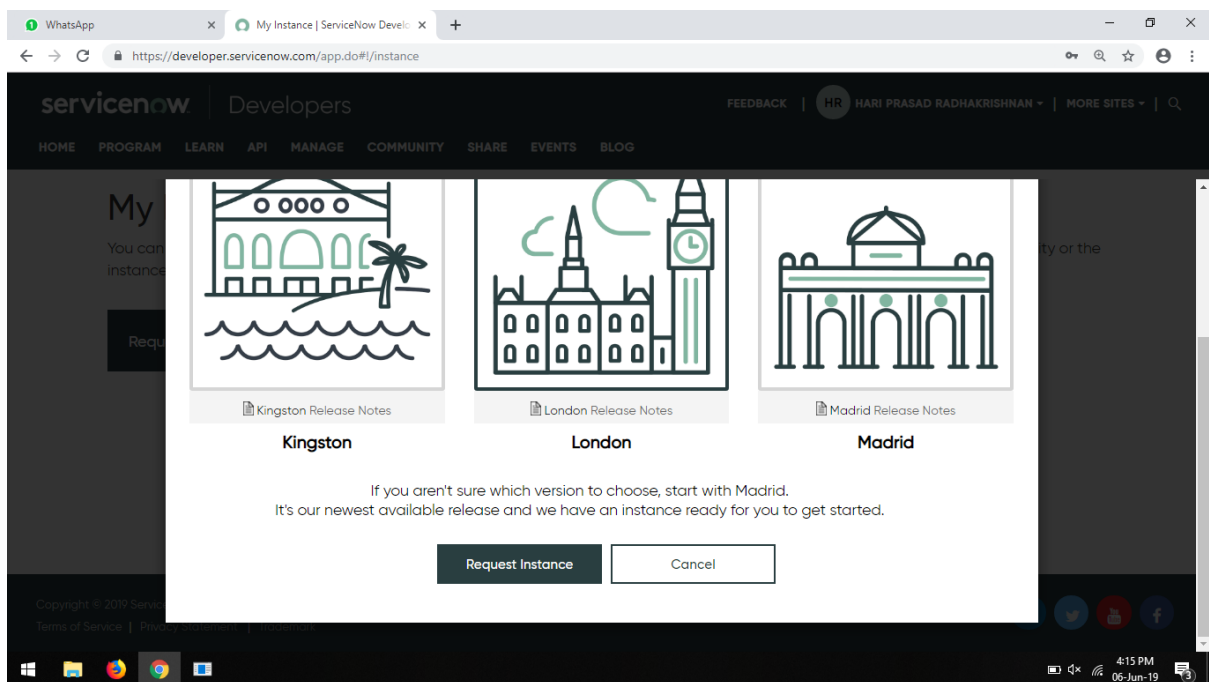

- ✓ Upon clicking 'Instance' you'll be redirected to a page where there will be a button named 'Request Instance' – Click on it.

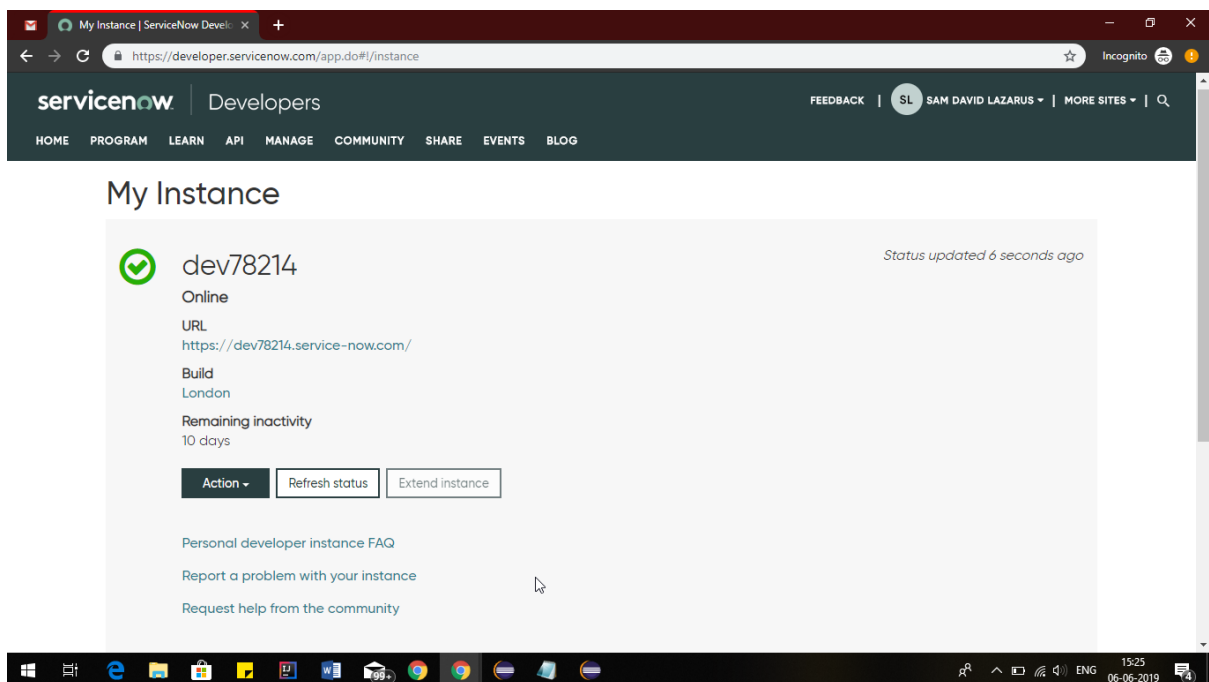

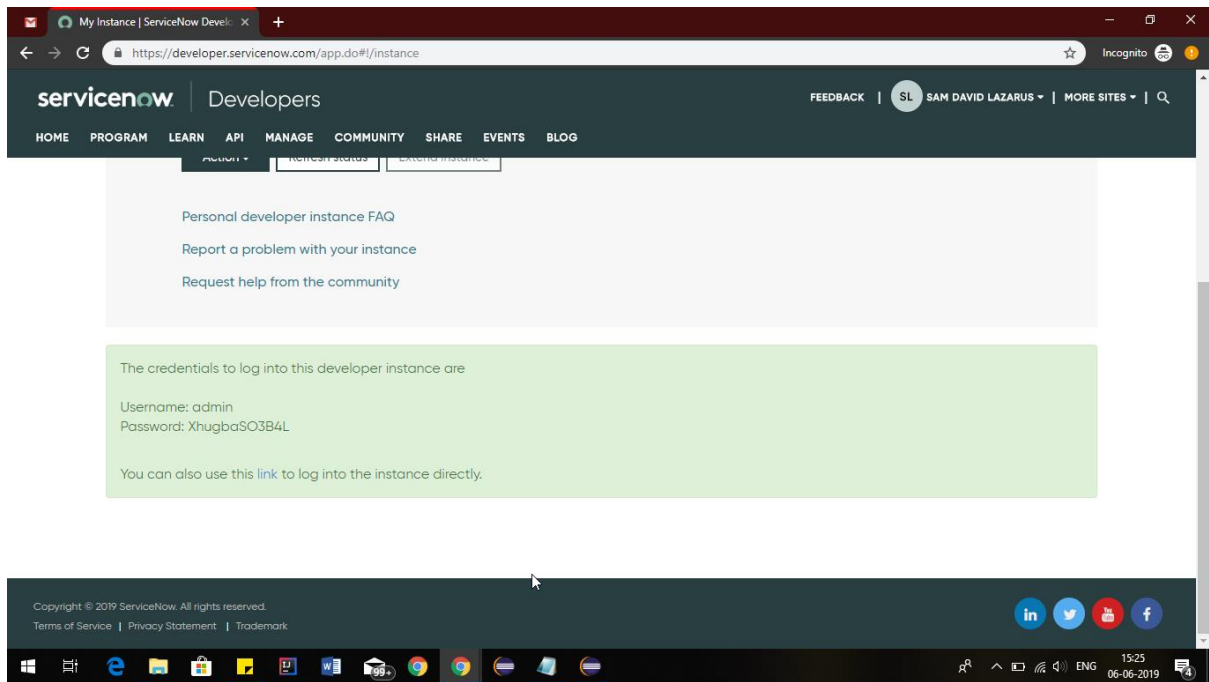

- ✓ Now type "for automation testing" in the textbox that has popped up.

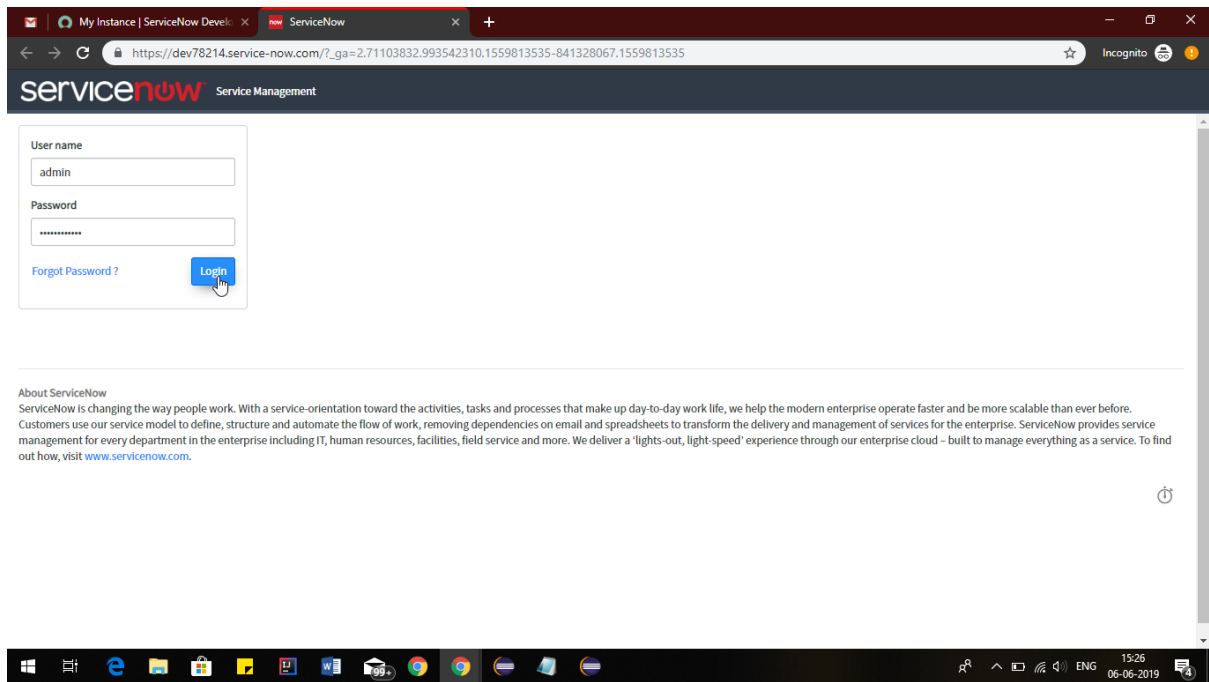

- ✓ Select London by clicking on it and click 'Request Instance' button

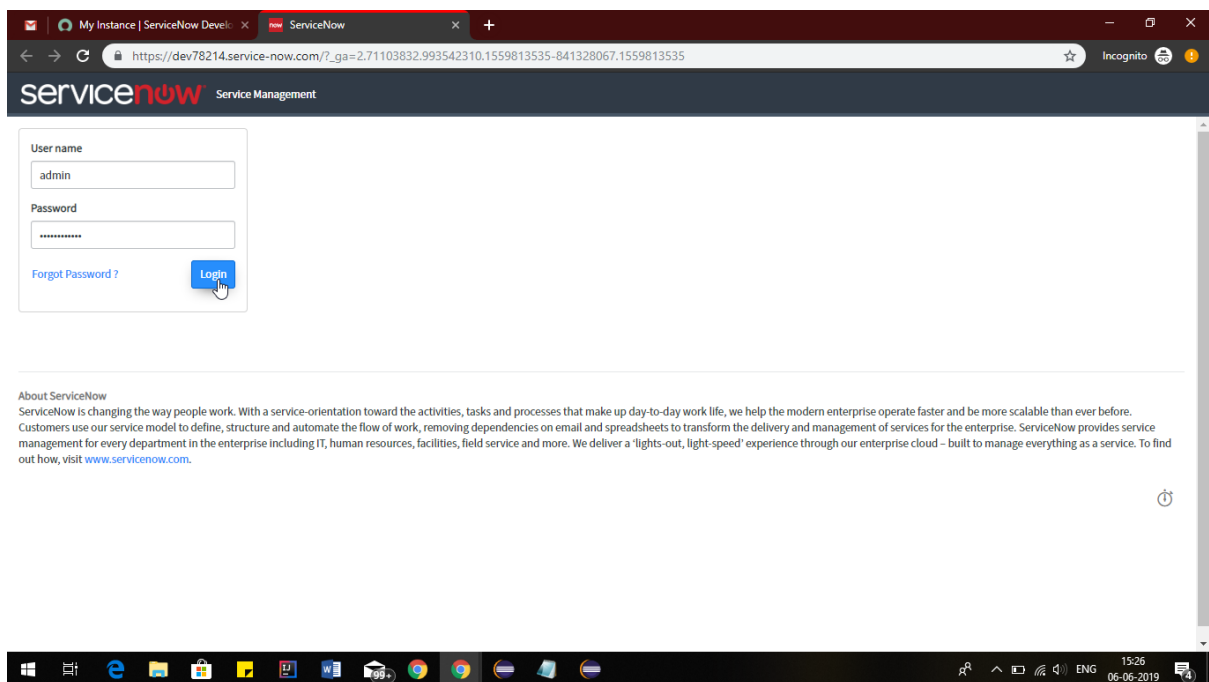

- ✓ Scroll down in the newly loaded page where you can see your 'Username and Password' – kindly note or copy / past it somewhere for future references | Now click the link below URL

- ✓ Log in with your authentication – now type the username as 'admin' and type the password that you copied from the previous page/step.

- ✓ Now you need to set a new password | type your current password and set a new password according to the standards.

- ✓ Wait for few seconds until you see these web elements on the page (refer image) – once your page looks like the image attached below then you're all set to go.
